

Implemented Projects

TEMPUS

Name of the project: **Testing Curricula at the Sarajevo Faculty of Sport and Physical Education**

Objective:

To test the curricula and the adoption of a new study - programme and ECTS along with Bachelor/Master studies according to the Bologna Process at the Sarajevo Faculty of Sports and Physical Education as an initial step for a widespread reform of the study programmes at the faculties of sport and physical education in B&H, which will be supported by the Ministry of Civil Affairs.

Project description:

TEMPUS Joint Project of the European Union, under the title “**Testing Curricula at the Sarajevo Faculty of Sport and Physical Education**“. Project partners: University of Sarajevo, Faculty of Sport and Physical Education, WUS Austria, University of Ljubljana, Faculty of Sport, Ministry of Civil Affairs B&H.

Contrary to most Central and East European universities, the transition towards a liberal democracy and a market-orientated economy is only one of the challenges faced by the universities in B&H. The Faculty of Sport and Physical Education of the University of Sarajevo is an institution which provides sport science education in Bosnia and Herzegovina (B&H). The current situation in Sport Science and Physical Education at the Sarajevo Faculty of Sport indicated the reform process will promote further education, cooperation and integration of the B&H sport in EU processes. The overriding goal of the Education Reform Agenda is to develop a sustainable, depoliticized education system in B&H and to ensure full and equal access to it. It includes improving the quality of teaching and learning at the university by upgrading study programme, establishing an equitable, cost-effective, accountable and sustainable education system for sport in B&H. The Tempus project aims at upgrading the Sport Faculty study programme fully in line with the Bologna Declaration as a main priority of the Sarajevo Faculty of Sport. Placing this Tempus project into the overall education reform context, its intervention will ensure exchange of information, discussion and consultation with the relevant working groups and bodies in the field of Higher Education reform and it also reinforces cooperation with other faculties of Sport in B&H and EU countries.

Implementing organisations/Partners:

Faculty of Sport and Physical Education, University of Sarajevo

WUS Austria

Faculty of Sport, University of Ljubljana
